

December 13, 2020

Goals

- Jordan
 - Catch any slack from the front end team if they need help
 - Implement full user privilege tracking in the db
 - Add feature tests for stories as the front end and back end pieces are done
- Jacob
 - Finish Sorting feature
 - Finish Comment feature
 - Finish Attachment feature
- Bernard
 - Kept up with the project milestones from this past week
 - Put the finishing touches on the project to make sure its up to date
 - Work with my fellow team members to make sure everything is working smoothly
- Robert
 - Add more functionality to project and try to be generally useful
- Abdullah
 - Complete front end work and ultimately the project, as the back end guys have completed the back end work
 - Fix the CSS to match design goals
 - Prepare the final demo presentation

This Week's Progress

- Jordan
 - Helped with [edit and delete views](#)
 - Polished the [user sign in experience](#)
 - Added [permission tracking](#)
 - Added backend support for [uploading attachments](#)
 - Added front end view for [managing note permissions](#)
 - Reviewed lots of other PRs

- Jacob
 - Finished comment feature on the backend
 - Finished sorting feature on the backend
 - Finished attachment feature on the backend
- Bernard
 - Worked on the front end issues with abdullah and getting everything set up
 - Decided how to go about tackling different issues that came up
 - Adding final css touches
- Robert
 - added back end functionality for comments
 - added front end views and routes for comments
 - added view counter for notes (back end and front end)
 - tuned up view for note a little bit (made sure user had permission to see certain buttons etc.)
 - added front end view and route to add someone to a note
- Abdullah
 - Working on front end issues and CSS
 - Will prepare the presentation after this deliverable is completed

Next Week's Goals

- Jordan
 - Help rest of team finish their pieces as all of my allotted issues are done
 - Host server for in class demo
 - Add feature tests as needed for the in class demo
- Jacob
 - Finish features on the front end.
 - Design group presentation
 - Design user manual
- Bernard
 - Have the whole project up and running
 - Have completed the project and put the finishing touches on it

- Tell my team it was a pleasure working with them and present our project
- Robert
 - help where needed
- Abdullah
 - Enjoy winter break!

Meeting Agenda

- Demo the project
